AAXA LED PICO MAX 1080P PROJECTOR

The LED Pico MAX 1080P elevates the popular Mini Projector with an upgraded **1080P Liquid Crystal on Silicon (LCOS)** optical engine that is 30% brighter. Designed as a gadget for today's discerning mobile technology user, the AAXA LED Pico MAX 1080P can **wirelessly project images** through an onboard wireless connection and is compatible with both iPhones and Androids.
